WEATHER RESISTANT AND MADE TO LAST

Manufactured from clear anodised aluminium and with grooved surface, our platform is durable and weather resistant.

QUICK AND EASY TO INSTALL

It comes with a fitting kit that does not require drilling or riveting to the rack's cross bars, what makes it quick and easy to fit on the KammRack and KammRack Black and protects the racks from corrosion.

EASY TO SHIP

The platform comes in two easy to join sections to facilitate easy and cost-effective shipping for our customers.

MODERN DESIGN

With steel end caps that seal off its both ends and neatly finished sides, the Rhino platform is designed to complement our KammRack and KammRack Black products aesthetics.

AVAILABLE IN THREE LENGTHS

A recommendation of which lengths are suitable to which rack can be found in our price application.

Rhino platform is suitable to use exclusively with our KammRack and KammRack Black products.
